1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7-12-04 has been entered.

2. This application is in condition for allowance except for the following formal matters:

a) As a result of further review and clarification provided to the Examiner recently concerning the new 37 C.F.R. 1.121 requirements for drawings that replace previously filed drawings, the Examiner now objects to the drawings filed 7-15-04 because each of these drawings do not have the proper identifier in the top margin, which is "Replacement Sheet". Appropriate correction is required.

b) Claims 1-15 and 28 are objected to under 37 C.F.R. 1.75(a) for failing to particularly point out and distinctly claim the subject matter which the applicant regards as the invention. Claim 1, step a, cites "plurality of said edge width measurements" which it appears should be "said plurality of edge width measurements". It appears that the word "and" is missing after step b and before step c. Claim 4, line 2, cites "said plurality of edge width" however the antecedent basis is "plurality of edge width measurements". This same type of problem also occurs in claims 5, 6, 11, 14. Claims 12 and 13, line 4, cite "said tool" however the antecedent basis is "photolithographic exposure tool". In claim 28, parentheses are missing for the letters "d", "e" and "f", which

are being used to alphabetically label each of the means cited in that claim. The examiner asks the applicant to better claim the limitations cited above. While the examiner understands the intentions of the applicant he feels confusion could be drawn from the limitations cited above. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hal D Wachsman whose telephone number is 571-272-2225. The examiner can normally be reached on Monday to Friday 7:00 A.M. to 4:30 P.M..
